For Immediate RELEASE

Key Digital® announces Compass Alliance™ Partnerships

Mount Vernon, NY. Key Digital, Inc. – April 27th, 2015 – Key Digital®, an award winning (CES, InfoComm, CEDIA, NAHB) manufacturer of leading-edge technology for HDTV applications, announces Compass Alliance™ Partnerships of 2015, for the upcoming InfoComm 2015 in Orlando, Florida. As leaders in digital video technology, Key Digital® produces a variety of HDMI switchers to provide solutions to installers of commercial and residential A/V systems.

Compass Control® represents the first fully integrated major control system built from the ground up to use Apple's iOS 5 devices – iPad®, iPhone®, and iPod touch® – as its backbone.

Key Digital® in conjunction with Compass Control's Compass Alliance™ Partners (CAP) has created a fully integrated control system with driver support for hardware from the following brands: Ashly, Autonomic, Bose, CasaTunes, Converging Systems, dbx, Denon, Digital Watchdog, Honeywell, Leviton, Lutron, MechoSystems, Nest, Onkyo, Russound, Sonos, TOA, and many more. Combining the knowledge and expertise from the different CAP brands has allowed Compass Control® to develop into a complete turnkey residential or commercial control solution.

Compass Control® is currently comprised of three main components: the Compass Control® Software License (KD-CSLX1) and the new Compass Control® Master Controller (KD-MC1000). When these elements are combined with the Compass Control® App – currently available in the App Store on iTunes – any installation is now given complete control over audio, video, HVAC, lighting, shades, and security.

Compass Control® has the ability to control devices via RS-232, IR, or via TCP/IP. This control system provides installers with IR, two-way RS-232 with feedback, and two-way TCP/IP control for unlimited flexibility and maximum compatibility with new or existing devices. Compass Control® also provides control via relays and sensors demonstrating its nature as a powerful integration tool.

For more information on Compass Control® please visit <http://keydigital.com/compass> or our CAP partners click [here](#).

Key Digital® will be exhibiting at InfoComm 2015. For more information [click here](#) or visit us at Booth 3473.

Key Digital Industry Leadership

Mike Tsinberg, Founder and President of Key Digital®, is a holder of 40 HDTV patents.
