For Immediate RELEASE

Key Digital® Introduces Multi-View Series 4K Matrix Switcher: KD-MLV4x2

Mount Vernon, NY. Key Digital, Inc. – December 9, 2015 – Key Digital®, an award winning (CES, InfoComm, CEDIA, NAHB) manufacturer of leading-edge technology for HDTV applications, introduces the Multi-View Series 4K Matrix Switcher, KD-MLV4x2, for the upcoming ISE 2016 in Amsterdam, NL. As leaders in digital video technology, Key Digital® produces a variety of HDMI switchers to provide solutions to installers of commercial and residential A/V systems.

Key Digital's Multi-View Series KD-MLV4x2 is a seamless matrix switcher with UHD/4K resolution up-scaling, multi-view window processing, analog to digital conversion of incoming VGA or YPbPr with analog audio signals, audio de-embedding, and independent audio from video matrix selection.

KD-MLV4x2 is designed to fit a wide variety of professional video installation and live-event needs. It is ideal for digital signage, video wall, conference & board room, class room, home-theater, and bar/restaurant applications.

Today's installers need reliable, easy, and fast integration of video and audio in commercial and residential applications. The KD-MLV4x2 simplifies 4K multi-view installations by offering all video, audio, and control capabilities needed for the most technical applications and is backed with a lifetime warranty.

For more information on how Key Digital® is revolutionizing digital video transmission, visit <http://www.keydigital.com>. Key Digital® will be exhibiting at ISE 2016. For more information [click here](#) or visit us at Booth 5-R119.
