## Key Digital's Compass Control C1, C2, and C3 Certification Classes Now Offer InfoComm Renewal Units.

### Mount Vernon, NY – February 14, 2014

Key Digital®, an award winning (CES, CEDIA, InfoComm, NAHB) manufacturer of leading-edge technology for HDTV applications, is proud to announce Compass Control C1, C2, and C3 certification classes (online and in-house) officially provider InfoComm International Renewal Units (RU). Becoming and RU Provider shows commitment to providing quality education and training to audiovisual professionals towards their Certified Technology Specialist (CTS), Certified Technology Specialist-Design (CTS-D), and Certified Technology Specialist-Installations (CTS-I) certifications.

A breakdown of the RUs our C1, C2, and C3 certification courses offer:

| <u>Course</u>    | <u>CTS<br/>RUs</u> | <u>CTS-<br/>D<br/>RUs</u> | <u>CTS-I<br/>RUs</u> | <u>Max RUs</u> | <u>CTS<br/>Domains</u> | <u>CTS-D<br/>Domains</u> | <u>CTS-I<br/>Domains</u> |
|------------------|--------------------|---------------------------|----------------------|----------------|------------------------|--------------------------|--------------------------|
| C1 Certification | 1                  | 1                         | 1                    | 1              | A5,6,7                 | B6                       | B1,C2,C8                 |
| C2 Certification | 1                  | 1                         | 1                    | 1              | B1                     | C7                       | n/a                      |
| C3 Certification | 2.5                | 2.5                       | 2.5                  | 2.5            | B1                     | C8                       | n/a                      |

Compass Control® system represents the first fully integrated major control system built from the ground up to use Apple's iOS devices as its backbone. Compass Control® is flexible enough for any system, small or large. "Simplified Smart Control" delivers complete control over whole house video distribution. Using Key Digital's Compass Navigator™ software, programming a Compass Control® device is an intuitive step by step process utilizing simple 'drag and drop' gestures.

Key Digital, an InfoComm exhibitor since 2008, received high-praise from InfoComm International when President and CEO, Mike Tsinberg, received the Adele De Berri Pioneers Award. The award recognizes pioneers in the industry who made scientific breakthroughs

resulting in new AV technologies that impact the manufacture and sales of novel products enjoyed worldwide.
