## Key Digital announces Compass Alliance™ Partnership with Wall-Smart Ltd.

**Mount Vernon, NY. April 1st, 2014**—Key Digital, an award winning (CES, CEDIA, InfoComm, NAHB) developer and manufacturer of leading-edge technology for HDTV applications, proud to announce a partnership with Wall-Smart Ltd. to deliver the best solution to users for mounting iOS devices with the Compass Control System, the first fully integrated major control system built from the ground up to use Apple's iOS devices – iPad®, iPad mini®, iPhone®, and iPod touch® – as its backbone.

Wall-Smart is a new range of intelligent, secure and stylish wall-mount adapters. Wall-Smart offers mounting capabilities for iOS devices such as; iPods, iPad mini, iPad AIR, iPad 2/3/Retina (4).

The Wall-Smart for iPad is an adapter for in-wall use of an iPad with Compass Control. The Wall-Smart for iPad securely mounts the iPad® while allowing easy access, insertion and exertion. The Wall-Smart mount can be provided with grills for the speakers, microphone and provision for the audio jack.

The key feature of the Wall-Smart for iPad is its flush with the wall to provide a very sleek and appealing design. The wall mounts mesh into any wall for unobtrusive installations that preserve the room décor. It mounts horizontally (landscape position). These flush-mounts can simply be painted to truly appear to be part of the wall and create an integrated look of any wall (texture or color).
