Control: How will the devices be controlled and by what format: IR/RS-232/TCP-IP?

Approval: *I confirm that the supplied information above is a full and complete description of any connectivity pertaining to all source and display equipment connected. In the case of a change in wiring/connectivity, I understand and agree that the provided Key Digital SDG schematic no longer carries any guarantee of functionality or operability.*

Signature _____ Date _____

*Compass Control products are available to certified resellers only. Certified reseller must still hire authorized Compass Control Master Programmer or program at their own liability. Key Digital System Design Services are ONLY Free to Authorized Key Digital Dealers, Resellers and Distributors purchasing system-specified products. Key Digital has zero-tolerance policy concerning dealers & distributors who are engaged in "bait & switch" tactics via requesting FREE system design services and then substituting with non- Key Digital products. This scenario violates Key Digital policy and agreements, and such dealers will be invoiced \$1,500 for SDG service which must be paid immediately.
