### Join Key Digital for our First Annual CEDIA Press Party

Mount Vernon, NY, July 25th, 2007 – **Key Digital Systems, Inc.**, invites industries' editors, publishers, sales personnel, and dealers to our first annual **Key Digital** press party.

Get your dancing shoes on, as the **Key Digital** booth is the place to be at 5:00 PM on Friday, September 7, 2007. Relax and enjoy the show as our dancers strut their stuff.

Not to forget technology, Mike Tsinberg, President of **Key Digital** will also speak about how we will wire our homes and video images in the future. This is a must hear if you'd like to understand how the FCC and broadcast industry influence what will be designed and how things will be connected in the coming years. Mike will demonstrate all of the latest **Key Digital** products including

- State-of-the-art HDMI to CAT5 baluns
- The **KD-VPHD3** video processor
- Two new HDMI switchers; **KD-HDMI2x1** and **KD-HDMI4x1**
- Two new matrix switchers; **KD-MSV8x8** and **KD-MSA8x8**
- Two new distribution amplifiers; **KD-HDMI2x4P** and **KD-HDMI2x8P**
- Two new video interface adaptors; **KD-VP6** and **KD-VP8**
- The new **Red Iguana** series of HDMI cables
- For all this excitement, just come to our booth at CEDIA (#798) and be prepared to have a wonderful visual presentation of images and movement. Refreshments will be served.

RSVP: Dancing@keydigital.com

**Key Digital**® Systems is a CES award-winning developer and manufacturer of leading-edge technology for HDTV applications, delivering total video systems solutions.. The company manufactures a wide range of digital video processing and video signal distribution solutions marketed broadly to the HDTV community, such as digital video and audio processors, switchers, distribution amplifiers, cables, adapters, and more.
