About Key Digital®

Key Digital Systems (Key Digital®) is a CES award-winning developer of leading-edge technology for HDTV applications, providing total video systems solutions. **Key Digital®** is at the forefront of the video industry for Home Theater Retailers, Custom Installers, System Integrators, Broadcasters, Manufacturers, and Consumers. Founded by HDTV industry pioneer Mike Tsinberg, **Key Digital®** is uniquely capable of identifying and creating total product solutions that enable seemingly incompatible video products to work together. The company manufactures a wide range of digital video processing and video signal distribution solutions marketed broadly to the HDTV community, such as digital video and audio processors, switchers, distribution amplifiers, cables, adapters, and more.
