## **Key Digital® Introduces Video/Audio Matrix Switcher, up to 8 Component/RGBHV Inputs to 4 Outputs with Audio Control, under the Fat Boy Series**

**Mount Vernon, N Y. Key Digital, Inc**, the Experts in Digital Video Technology and Solutions, is proud to announce the launch of video and audio matrix switcher, the **KD-MSW8x4Pro**

The **KD-MSW8x4Pro** is capable of switching up to 8 Component or RGBHV video sources, or inputs, to 8 independent zones, or outputs. Each output can automatically format and support Component/RGBHV, left and right analog Stereo, PCM Digital Audio, RS232 and Serial & Discrete IR. KD-MSW8x4Pro supports all SD, HD and Vesa resolutions up to 1080p.

Audio Control is also one of the major attributes that the **KD-MSW8x4Pro** adds to the installation, with Fade-to-Black and Video Mute abilities, as well as Volume up & down.

With Key Digital's versatility, the **KD-MSW8x4Pro** can also be incrementally expanded up to 16x48 taking on any jobs with all levels of complexity.

"The **KD-MSW8X4PRO** allows the customer to view any source on any display at any given time. Key Digital presents you with a full Video/Audio Matrix Switching solution and the capability to control it via RS-232 or IR with your choice of any full system automation control company. It's the perfect solution for commercial and residential installations, putting the installer in the driver's seat of their boardroom or Multi Zone installation," said Mike Tsinberg, President of Key Digital.

It supports control systems via RS-232/IR such as: **AMX, Control4, Crestron, Colorado Vnet, Home Logic, Lifeware, RTI, Savant, Universal Remote Control, Xantech and many others.**

The new KD-MSW8X4PRO is currently shipping at an MSRP of \$2,500

## *Industry Leadership*

**Mike Tsinberg, Founder and President of Key Digital, is a holder of 40 HDTV patents.**

- SMPTE fellow
- Participated with Emmy Award Winner for DVD technology development
- “Father of DVD” - Developed architecture and system software for world first Digital Video Disk (DVD) MPEG2 based authoring system - key DVD enabling technology

**Key Digital<sup>®</sup> Systems** is a CES award-winning developer and manufacturer of leading-edge technology for HDTV applications, delivering total video systems solutions. The company manufactures a wide range of digital video processing and video signal distribution solutions marketed broadly to the HDTV community, such as digital video and audio processors, switchers, distribution amplifiers, cables, adapters, and more.
